

3M MP 8610

3M MP 8610

Brief Introduction

Beta 2.5

The standard portable 3M MP 8610 LCD projector has 500 Ansi lumens, a contrast of 200:1 according to Ansi and an SVGA 800 x 600 resolution. The projector will be able to illuminate a 195 cm image width well. However, if room light is available, the picture width should ideally not exceed 130 cm. The model built in 1999 is no longer offered by 3M. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
