

3M MP 8790

3 M MP 8 7 9 0

Brief Introduction

Beta 2.5

A brief introduction to the 3M MP 8790. The LCD projector has an XGA 1024 x 768 resolution and a contrast of 750:1. Horizontal and vertical keystone correction makes setting up the image childs play. Thanks to the brightness of 3500 Ansi lumens, a picture width of 515 cm is possible. The projector will also cope with slightly brighter rooms with a narrower image width (we recommend max. 343 cm). The projector is no longer sold by the manufacturer.

3 x LCD TFT Panel
