

3M PX5

3M PX5

Brief Introduction

Beta 2.5

A brief introduction to the 3M PX5. The DLP projector has an XGA 1024 x 768 resolution and a contrast of 2000:1. An image width of up to 314 cm is possible as the projector has 1300 Ansi lumens. However, if room light is available, the image should be a maximum of 209 cm wide. The projector was launched in 2005 and is no longer sold by the manufacturer, but is still very popular in our projector database. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
