The Nec SX4000/D stationary DLP projector has 3500 Ansi lumens, a contrast of 400:1 and an SXGA 1280 x 1024 resolution. Thanks to the brightness of 3500 Ansi lumens, a picture width of 501 cm is possible. The projector can also handle slightly brighter rooms with a smaller picture width (we recommend max. 334 cm). Even 1080P video signals are no problem for the projector. On the market since 2002, the model is no longer offered by the manufacturer Nec. It should also be noted that, unfortunately, there are no longer any replacement lamps available for the projector, neither originals nor replicas.
