Let's make things better.

PHILIPS

Let's make things better.

PHILIPS

Philips Multimedia Projectors

Bywords for reliability, power, compatibility, portability, ease-of-use, unsurpassed performance... and so much more.

Combining all of these advantages into state-of-the-art presentation tools, and tailoring them to meet your specific needs, is what sets Philips apart.

And as if this wasn't enough, the package is backed up with the promises of unrivalled reliability, 48hr worldwide support, and 3-year warranty.

So if you need to make the right impression. To project that perfect image. To be sure of success.

Be sure of one thing. That you're working with a Philips Multimedia Projector.

The Philips advantage

3 Years warranty and free support

Every Philips projector comes with a full 3-year warranty.

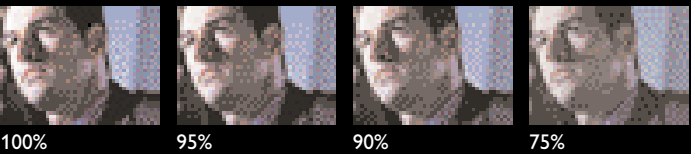

This unique offer is backed up by the outstanding Philips First Choice service, including a toll-free helpline*, offering you help and advice seven days a week. While the Philips First Choice* service is there for more difficult problems – guaranteeing you a temporary replacement, with free delivery, within 48hrs. A truly unbeatable package.

* Currently only available in the US and Western Europe. Check with your Philips dealer for more details.

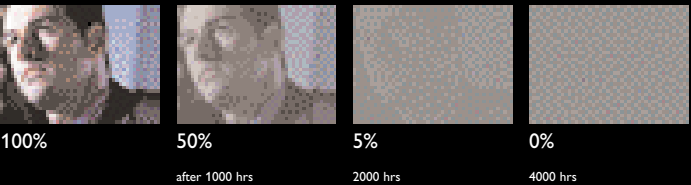

UHP™ lamp

Every Philips projector contains the unique Philips UHP™ (Ultra High Performance) lamp that cuts costs and hassle. It's the first lamp to retain rich colours and brightness without creating hot spots over its amazingly long life.

Philips UHP lamps

Metal Halide lamps

Extremely compatible

Philips projectors are extremely compatible with a whole range of data and video sources. This is thanks to their highly advanced scaling technology – converting information without any loss or deterioration. A serious advantage when you need to make an extra special impression.

Super silent

PAS - Philips Air System, is a unique heat and noise diffusion system. It utilises two separate air paths to ensure optimum cooling, with minimum sound.

Whatever your needs.

Whatever your presentation conditions.

And whatever your budget.

Philips offers a high-performance

Multimedia Projector designed

to meet them perfectly.

Pushing back the barriers of technology

and setting new performance standards

has always been a Philips trademark.

And its range of Multimedia Projectors

are no exception.

Hi-tech solutions that have one purpose:

helping you get your message across.
