

aao YG391

A A O Y G 3 9 1

Manufacturer aao offers the YG391, a micro-portable LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 20000:1. The service life is 25000 hours due to the LEDs, which is over 17.1 years at four hours of use per day. A picture width of up to 227 cm is possible because the projector has 500 ANSI lumens. However, if room light is present, the picture should be a maximum of 151 cm wide. The projector has Airplay, Miracast Screen Mirroring support, which makes it possible to play videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS directly via WLAN. In addition, the Bluetooth option is a useful addition for the projector, especially for wireless audio transmission. Even video signals 1080P are no problem for the projector, and thus can project Blu-rays even on the ceiling through the 360° projection.

Brief Introduction

Beta 2.5
