

aao YG691

A A O Y G 6 9 1

Brief Introduction
Beta 2.5

Manufacturer aao offers the YG691, an LCD LED projector with HDTV 1920 x 1080 resolution. The manufacturer states an LED lifespan of 30,000 hours, which would be over 20.5 years with 4 hours of viewing per day. The projector can automatically optimise the projected image using the ambient light sensor. 700 ANSI lumens ensure that an image width of 269 cm is also possible. However, if room light is present, the image should be a maximum of 179 cm wide. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra feature is the Bluetooth function, which allows the projector to be connected to external wireless speakers. Playing 1080P is also no problem for the projector.

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

- Ansi-Lumen
- Contrast
- Black Level
- Offset

Projector	700	Screen	311 Lux (bei 200 cm Screen)
