

AAXA HP2

AAXA HP2

With the HP2, manufacturer AAXA offers a game-portable DLP LED projector with HDTV 1920 x 1080 resolution. It is an LED projector with 15000 hours of light life, which is over 10.3 years with a daily viewing time of 4 hours. As AAXA specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 87 Ansi lumens ensure that a picture width of 95 cm is also possible. However, if room light is available, the image should be a maximum of 63 cm wide. Furthermore, the projector can play 1080P without any problems. The projector was launched in 2021 and is no longer sold by the manufacturer.

 1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	35 / 100 LED Lumen	Screen	16 Lux (200 cm Screen width)
