

AAXA M1 Limited

The AAXA M1 Limited LED LCOS projector has 75 Ansi lumens, a contrast of 1000:1 and an SVGA 800 x 600 resolution. The service life of the LEDs is 15,000 hours, which is over 10.3 years if enjoyed for four hours a day. The integrated media player can play files directly. A picture width of up to 75 cm is possible. However, the picture should be smaller in room light. We recommend max. 50 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. The model built in 2010 is no longer offered by AAXA.

Brief Introduction

Beta 2.5

Display Type

1 x LCoS Panel
SVGA 4/3 Liquid Crystal on Silicon (LCOS)

Ansi-Lumen

75

24 Lux (bei 203 cm Screen)
