

AAXA P700 Pro

AAXA P700 Pro

Brief Introduction

Beta 2.5

A brief introduction to the P700 Pro: The AAXA 3D LED DLP projector offers 650 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The manufacturer AAXA specifies a service life of 15000 hours, which is over 10.3 years if enjoyed for four hours a day. Includes an integrated media player that can be used to play files directly. The projector can illuminate a picture width of up to 259 cm thanks to its 650 Ansi lumens. In room light, however, the image width should ideally be less than 173 cm. With an operating noise of just 30 decibels, the model is already very quiet compared to others. On the market since 2015, the model is no longer offered by the manufacturer AAXA.
