

Acer S1283WHne

ACER S1283WHNE

A brief introduction to the S1283WHne: The Acer 3D DLP projector offers 3200 Ansi lumens, a contrast of 13000:1 and a WXGA 1280 x 800 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. With a projection ratio of just 0.617:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 123 cm away from the screen. As the S1283WHne is equipped with a microphone jack plug and 10W speaker, no additional audio system is required for presentations or training sessions. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. Even 1080P video signals are no problem for the projector. The model built in 2015 is no longer offered by Acer.
