Acer A1500

Brief Introduction
Beta 2.5

The Acer A1500 3D BrilliantColor DLP projector has 3000 Ansi lumens, a contrast of 20000:1 and an HDTV 1920 x 1080 resolution. The service life of the lamp is up to 10000 hours, which is equivalent to over 13.7 years at 2 hours of use. The ambient light sensor allows the projector to automatically optimize the projected image. 556 cm image width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 371 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. It is also Full HD 1080P and 3D compatible. On the market since 2016, the model is no longer offered by the manufacturer Acer.
