

Acer H5370BD

ACER H5370BD

The Acer H5370BD 3D BrilliantColor DLP home cinema projector has 2500 Ansi lumens, a contrast of 13000:1 and an HDTV 1280 x 720 resolution. The lamp in the projector is specified with a lamp life of 5000 hours, which converts to over 6.8 years at 2 hours per day. Due to the brightness of 2500 Ansi lumens, a picture width of 508 cm is possible. In room light, the picture should be max. 339 cm wide. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. The projector is very quiet compared to other projectors with an operating noise of 29 decibels. The model built in 2013 is no longer offered by Acer.
