

Acer K135i

ACER K135i

A brief introduction to the Acer K135i. The DLP LED projector has a WXGA 1280 x 800 resolution and a contrast of 10000:1. It is an LED projector with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. 600 Ansi lumens ensure that a picture width of 249 cm is also possible. However, if room light is available, the picture should be a maximum of 166 cm wide. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The projector can also play 1080P without any problems. On the market since 2015, the model is no longer offered by the manufacturer Acer, but is still very popular in our projector database.

Brief Introduction Beta 2.5

Display Type

1 x 0,45" DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip

Ansi-Lumen

600 / 480 im Eco Mode

233 Lux (bei 203 cm Screen)

Contrast
