

Superior wireless projection — Great value

The P1266i comes with the latest 802.11b/g wireless technology to deliver superior cable-free projection of video and audio from computers placed anywhere in a room. The wireless convenience makes it easier to share digital media at home, or to display presentations from multiple users for more efficient collaborative business/educational meetings.

The P1266i also features the innovative MobiShow technology, which enables wireless projection from a Wi-Fi® smart phone. With optimized color performance via 2700 ANSI Lumens brightness and XGA resolution, the display is clear and vibrant. Other notable features include an HDMI™ port, a 6-segment color wheel with 3X rotation speed, support for both 4:3 displays and widescreens through Acer SmartFormat, and Acer ColorBoost II and EcoProjection technologies. All told, the P1266i offers a smart blend of high performance and great value.

Feature highlights

Brilliant imagery

- Unique, elegant design
- Acer ColorBoost II technology
- XGA resolution
- 2700 Lumens brightness and 2700:1 contrast ratio
- DLP® system design

Earth-caring functionality

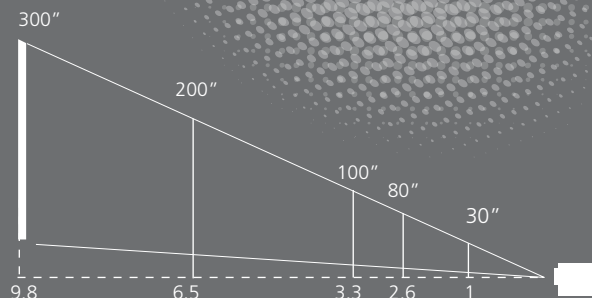

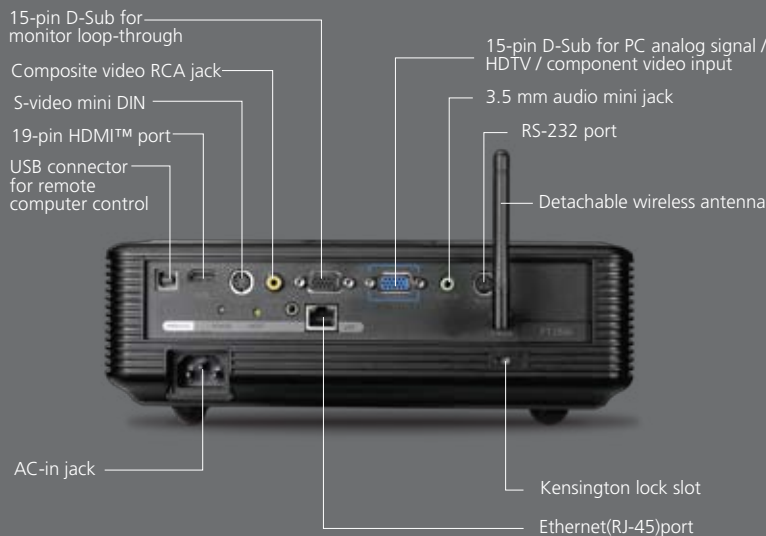

- Acer EcoProjection technology
- Longer lamp life (4000 hours)
- ECO mode
- Acer Instant Pack technology
- Automatic safety shutdown
- Digital zoom and pan
- 3X color-wheel rotation speed
- Low noise level
- Built-in speaker
- Alarm
- PIN security
- Windows Vista® compliance

Expert usability

- Acer Empowering Technology
 - Acer ePower Management with High Altitude Mode
 - Acer eView Management with innovative Blackboard Mode
 - Acer eTimer Management
 - Acer eOpening Management
- Acer SmartFormat technology
- Wi-Fi® wireless, MobiShow, featuring smart phone projection
- Installation menu
- Keystone correction (40° vertical)
- Quick start
- Quick signal detection
- Multi-PC connectivity
- Digital connectivity via an HDMI™ port
- Monitor loop-through
- RS-232 port

Acer Projector P1266i Quick Spec

Projection system	DLP®
Resolution	Native: XGA (1,024 x 768) Maximum: UXGA (1600 x 1200), WSXGA+ (1,680 x 1050)

Weight	5.7 lbs (2.6 Kg)
Dimensions (W x H x D)	269 x 206 x 96 mm (10.6" x 8.1" x 3.8")
Remote Control	IR remote control with laser pointer & PgUp/ PgDn functions
Noise level	25 dBA

Acer Color Boost II Technology

Acer ColorBoost II optimizes multimedia performance for different scenarios, environments and connectivity interfaces. It is the next generation of ColorBoost performance enhancement technology for Acer projectors — all of which feature a six-segment color wheel for business presentations, educational purposes and entertainment in any venue. With Acer ColorBoost II, Acer projectors deliver enriched details, smoother gradation and brighter natural colors while boosting color strength and performance for more lifelike skin tones and unsurpassed color reproduction.

Acer SmartFormat Technology

Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

Acer EcoProjection Technology

Acer EcoProjection is a complete environment-friendly power management solution that reduces standby power consumption by up to 50%, from 10 W to 5 W. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

World-Leading Smart Phone Projection

Acer's P1266i wireless projector offers flexible connectivity, including Wi-Fi® wireless, Ethernet and conventional cables. Beyond projecting from a PC or a DVD player, world-leading MobiShow technology allows projection from a Wi-Fi® smart phone. What's more, P1266i provides advanced functionality, including Acer Quad-View technology, which splits the projection screen into four sections so content from different PCs can be displayed simultaneously.

About Acer

Since its founding in 1976, Acer has constantly pursued the goal of breaking the barriers between people and technology. Focused on marketing its brand-name IT products around the globe, Acer ranks as the world's No. 3 vendor for total PCs and No. 2 for notebooks, with the fastest growth among the top-five players. A profitable and sustainable Channel Business Model is instrumental to Acer's continued growth, while the successful mergers of Gateway and Packard Bell complete the company's global footprint by strengthening its presence in the U.S., and enhancing its strong position in Europe. Acer Inc. employs 5,000 people worldwide. 2007 revenues reached US\$14.07 billion. See www.acer.com for more information.
