

Acer P1525

ACER P1525

A brief introduction to the P1525: The Acer standard portable 3D BrilliantColor DLP projector offers 4000 Ansi lumens a contrast of 20000:1 and a HDTV 1920 x 1080 resolution. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the image. An image width of up to 643 cm is possible as the projector has 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). It is also Full HD 1080P and 3D compatible. The projector was launched in 2016 and is no longer sold by the manufacturer.
