

Acer P7605

ACER P7605

The Acer model P7605 is a DLP projector with WUXGA 1920 x 1200 resolution and a contrast of 10000:1. The built-in lens shift and keystone correction function provides freedom when setting up. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. The projector can also play 1080P and 3D without any problems. It was launched in 2014 and is no longer offered by the manufacturer Acer.

1 x 0,65" DC3 DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip
