The Acer S1387 DLP short-throw projector has 4000 ANSI lumens, a contrast ratio of 20000:1, and a WXGA resolution of 1280 x 800. Thanks to its short-throw projection ratio of just 0.52:1, the projector does not take up much space in the room. For a 2m wide image, the projector only needs to be 104 cm away from the screen. Playing 1080P is also no problem for the projector.
