

Acer V6820M

ACER V6820M

The Acer V6820M standard portable DLP projector has 2400 Ansi lumens, a contrast of 10000:1 and a UHD (4K2K) 3840 x 2160 resolution. The service life of the lamp is up to 10000 hours, which is equivalent to over 13.7 years at 2 hours per day. Includes an integrated media player that can be used to play files directly. The projector can illuminate a picture width of up to 498 cm thanks to its 2400 Ansi lumens. In room lighting, however, the picture width should ideally be less than 332 cm. Video signals 1080P and 4K are also no problem for the projector. The operating noise of just 26 decibels makes the projection quiet. It is no longer offered by the manufacturer Acer.
