

Acer V7850BD

ACER V7850BD

The standard portable V7850BD BrilliantColor DLP projector from Acer has 2200 Ansi lumens, a contrast of 1200000:1 and a 4KESHIFT 2716 x 1528 4,150,048 pixel resolution. The manufacturer Acer specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. Including a lens shift and keystone correction function, which provides freedom during installation. 2200 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the picture should be a maximum of 318 cm wide. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. The model is also Full HD 1080P and 4K compatible. The operating noise of just 26 decibels makes the projection quiet. On the market since 2021, the model is no longer offered by the manufacturer Acer.

Brief Introduction Beta 2.5
