

Acer X1130

ACER X1130

The Acer X1130 3D BrilliantColor DLP projector has 2300 Ansi lumens, a contrast of 2500:1 and an SVGA 800 x 600 resolution. Thanks to the brightness of 2300 Ansi lumens, a picture width of 418 cm is possible. In room light, the picture should be max. 279 cm wide. Playing 1080P is also no problem for the projector. With only 30 decibels of operating noise, the model is already very quiet compared to others. The model built in 2009 is no longer offered by Acer.

Brief Introduction Beta 2.5
