

Acer X128HP

ACER X128HP

A brief introduction to the X128HP: The Acer standard portable 3D DLP projector offers 4000 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The manufacturer Acer specifies a lamp life of 15000 hours, which is over 20.5 years if enjoyed for two hours every day. Thanks to the brightness of 4000 Ansi lumens, a picture width of 551 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 367 cm). A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Playing 1080P and 3D is also no problem for the projector.
