

Acer X1525i

ACER X1525i

The Acer X1525i standard portable 3D DLP projector has 3500 Ansi lumens, a contrast of 20000:1 and an HDTV 1920 x 1080 resolution. The manufacturer Acer specifies a lamp life of 15000 hours, which is over 20.5 years if enjoyed for two hours a day. The integrated media player allows files to be played directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The projector can illuminate images up to 601 cm wide thanks to its 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, max. 401 cm is recommended. Video signals 1080P and 3D are also no problem for the projector. With only 29 decibels of operating noise, the model is already very quiet compared to others. On the market since 2019, the model is no longer offered by the manufacturer Acer.
