Ally C7

Brief Introduction Beta 2.5	With the C7, manufacturer Ally offers a micro-portable DLP LED projector with WXGA 1280 x 800 resolution and a contrast of 20000:1. Due to the LEDs, the projector is specified with 50000 hours of light life, which converts to over 34.2 years at 4 hours per day. An image width of up to 227 cm is possible as the projector has 500 Ansi lumens. However, if room light is available, the picture should be max. 151 cm wide. The projector has optional DLNA, screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. With only 28 decibels of operating noise, the model is already very quiet compared to others. This model is no longer offered by Ally.
