

Alwtniet HY320

ALW T N I E T H Y 3 2 0

With the HY320, manufacturer Alwtniet offers an LCD LED projector with HDTV 1280 x 720 resolution and a contrast of 10000:1. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which equates to over 20.5 years at 4 hours of use. The integrated media player allows files to be played directly. 390 Ansi lumens ensure that a picture width of 201 cm is also possible. However, if there is room light, the picture should be a maximum of 134 cm wide. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P and 4K (compressed) compatible. At just 25 decibels, the device is one of the quieter projectors.
