

Appotronics BX530A

APPOTRONICS BX530A

The BX530A 3D laser DLP projector from Appotronics has 5500 Ansi lumens, a contrast of 35000:1 and an XGA 1024 x 768 resolution. The manufacturer Appotronics specifies a service life of 25000 hours, which is over 17.1 years with a daily viewing time of 4 hours. The integrated lens shift gives you freedom when positioning the projector. The projector can illuminate images up to 646 cm wide thanks to its 5500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 431 cm. Playing 1080P and 3D is also no problem for the projector. This model is no longer offered by Appotronics.
