

ASK Proxima C431W

ASK PROXIMA C431W

Brief Introduction

Beta 2.5

A brief introduction to the ASK Proxima C431W. The LCD projector has a WXGA 1280 x 800 resolution and a contrast of 8000:1. The manufacturer ASK Proxima specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours a day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. A picture width of up to 584 cm is possible. However, the image should be smaller in room light. We recommend max. 389 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. On the market since 2014, the model is no longer offered by the manufacturer ASK Proxima.
