

Aurzen EAZZE D1G

AURZEN EAZZE D1G

The Aurzen EAZZE D1G LED LCD projector has 200 ANSI lumens and HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. Horizontal and vertical keystone correction ensures easy image setup. An image width of up to 144 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 96 cm. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The model recognizes Chromecast and screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P and 4K (compressed) compatible.

Brief Introduction Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display
