

Barco F22 sx+

BARCO F22 SX+

The Barco F22 sx+ BrilliantColor DLP projector has 3000 Ansi lumens, a contrast of 2500:1 and an SXGA+ 1400 x 1050 resolution. The integrated lens shift gives you freedom when positioning the projector. The projector can illuminate an image width of up to 477 cm well thanks to the 3000 Ansi lumens. In room lighting, however, the image width should ideally be less than 318 cm. Playing 1080P is also no problem for the projector. At just 24 decibels, the device is one of the quieter projectors. This model is no longer offered by Barco.
