

Benq LH930 /D

BENQ LH930 /D

The Benq model LH930 /D is a DLP laser projector with a resolution and contrast of 3000000:1. The laser gives it a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. With the lens shift function, the projector can be positioned very freely. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. The model is also Full HD 1080P and 3D compatible, meaning it can even project Blu-rays onto the ceiling thanks to 360° projection. The model built in 2019 is no longer offered by Benq.
