

# Benq MH606

BENQ MH606

The MH606 3D DLP projector from Benq has 3500 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The manufacturer Benq specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. 3500 Ansi lumens ensure that a picture width of 601 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 401 cm. Furthermore, the projector can play 1080P and 3D without any problems. The model was built by Benq in 2017 and is no longer current.
