

Benq MW881UST

BENQ MW881UST

A brief introduction to the Benq MW881UST. The DLP projector has a WXGA 1280 x 800 resolution and a contrast of 5000:1. Thanks to the lamp, the projector has a lamp life of up to 3500 hours, which is over 4.8 years if enjoyed for two hours a day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 48 cm away from the screen. Even 1080P playback is no problem for the projector. On the market since 2010, the model is no longer offered by the manufacturer Benq, but is still very popular in our projector database.
