A brief introduction to the MX525E: The Benq standard portable 3D DLP projector offers 3200 Ansi lumens, a contrast of 13000:1 and an XGA 1024 x 768 resolution. The service life of the lamp is up to 10000 hours, which is equivalent to over 13.7 years at 2 hours per day. A picture width of up to 493 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 329 cm. The projector can also play 1080P and 3D without any problems. It was launched in 2014 and is no longer offered by the manufacturer Benq.
