Enjoyment Matters

MX822ST / MW821ST Features

XGA / WXGA Native Resolution.
For the sharpest image possible set your computer's output resolution to match the native resolution of the projector.

3,500 / 3,000 ANSI lumens gives you a bright and vivid image.

High contrast ratio gives a crisp & clear image, with deeper blacks and brighter whites.

Designed to maximize your audiovisual enjoyment, 8 series offers unlimited 3D entertainment via HDMI.

MW821ST features one built-in 10W speaker, and the MX822ST features one 20W speaker to help enrich every lesson with top quality audio performances.

PointDraw 3.0 Ready technology enables endless collaboration through simultaneous teacher-student interaction.

Mesh seamlessly with your original LAN settings, whether it is Crestron, Pj Link or SNMP. For those who are new to network projector control, BenQ Offers a built in projector network control system.

DLP® Projectors with BrilliantColor technology features a multi-color processing which produces rich, vibrant colors enhanced on the screen.

Conserve up to 70%* Power & Extend Lamp Life up to 6,500 Hours.

* please see spec sheet for additional details

DLP® 3D creates a completely immersive environment at home or in the classroom with 3D content via PC or Blu-Ray/DVD player.
