

Benq SH753

BENQ SH753

The standard portable SH753 3D DLP projector from Benq has 4300 Ansi lumens, a contrast of 13000:1 and an HDTV 1920 x 1080 resolution. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. Thanks to the brightness of 4300 Ansi lumens, a picture width of 666 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 444 cm). Video signals 1080P and 3D are also no problem for the projector. This model is no longer offered by Benq.

Brief Introduction

Beta 2.5
