

Benq V6000

BENQ V6000

The Benq V6000 short-throw 3D laser DLP projector has 3000 Ansi lumens, a contrast of 3000000:1 and a 4KESHIFT 2716 x 1528 4,150,048 pixel resolution. Thanks to the laser technology, the projector has a light life of up to 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 50 cm away from the screen. Playback of 1080P and 4K as well as 3D is also no problem for the projector, which means that all Blu-ray formats currently available can be recognized by the projector. This model is no longer offered by Benq.
