The Canon XEED SX60 LCOS projector has 2500 Ansi lumens, a contrast of 1500:1 and an SXGA+ 1400 x 1050 resolution. The manufacturer Canon specifies a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. An image width of up to 435 cm is possible as the projector has 2500 Ansi lumens. However, if room light is available, the image should be a maximum of 290 cm wide. The operating noise of only 30 decibels makes the projection quiet. The model built in 2006 is no longer offered by Canon.
