

Canon XEED WX520

CANON XEED WX520

Brief Introduction

Beta 2.5

The standard portable Canon XEED WX520 LCOS projector has 5200 Ansi lumens, a contrast of 2000:1 and a WXGA+ 1440 x 900 resolution. The manufacturer specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours a day. The integrated media player can play files directly. The projector also offers a lens shift function that makes image adjustment childs play. The projector will be able to illuminate a picture width of 733 cm. The projector can create rooms with residual light with a smaller image width, we would recommend a maximum of 489 cm here. 1080P playback is also no problem for the projector. This model is no longer offered by Canon.
