A brief introduction to the ChiStar CX 765. The standard portable DLP projector has an SVGA 800 x 600 resolution and a contrast of 2600:1. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 2800 Ansi lumens ensure that a picture width of 461 cm is also possible. However, if room light is available, the picture should be max. 307 cm wide. The model is no longer offered by ChiStar.
