

Christie DHD1052 Q

CHRISTIE DHD1052 Q

The Christie DHD1052 Q stationary DLP projector has 8450 Ansi lumens, a contrast of 2500:1 and a HDTV 1920 x 1080 resolution. 8450 Ansi lumens ensure that a picture width of 934 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 623 cm. Playing 1080P is also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. It was launched in 2016 and is no longer offered by the manufacturer Christie.

 1 x 0,95" DLP Chip
