

Christie LX602

CHRISTIE LX602

A brief introduction to the LX602: The Christie stationary LCD projector offers 5475 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. 5475 Ansi lumens ensure that a picture width of 644 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. In the event that the image is still too small, the projector offers integrated edge blending software, which allows several projectors to project a large image together. It is also Full HD 1080P compatible. The model built in 2017 is no longer offered by Christie.

Brief Introduction

Beta 2.5

Display Type

3 x 0,63" LCD TFT Panel
XGA 4/3 Liquid Crystal Display

Ansi-Lumen

5475

1825 Lux (bei 200 cm Screen)
