

Christie Mirage S+22K J

CHRISTIE MIRAGE S+22K J

A brief introduction to the Christie Mirage S+22K J. The DLP projector has an SXGA+ 1400 x 1050 resolution and a contrast of 1600:1 - 2000:1. The projector also offers a lens shift function, which makes setting up the image childs play. The projector will be able to illuminate an image width of 1232 cm well. The projector can create rooms with residual light with a smaller image width, we would recommend a maximum of 821 cm here. The model is also Full HD 1080P compatible. On the market since 2011, the model is no longer offered by the manufacturer Christie. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.

3 x 0,95" DLP Chip
SXGA 4/3 Ti Digital Light Processing Chip

Brief Introduction

Beta 2.5
