

CiBest G5

CIBEST G5

A brief introduction to the G5: the CiBest LED LCD projector offers 600 ANSI lumens, a contrast of 20,000:1 and HDTV 1920 x 1080 resolution. The LEDs give the projector a light lifespan of up to 30,000 hours, which would be over 20.5 years with a daily viewing time of 4 hours. The projector also offers an integrated media player that can be used to play files directly. Horizontal and vertical keystone correction makes image setup a breeze. At 249 cm image width, the projector will be able to illuminate well. If there is room light, however, the image width should not exceed 166 cm. The model recognises Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via WLAN. Another extra to be mentioned is that the projector can be connected to external wireless speakers using the Bluetooth function. Furthermore, it is Full HD 1080P and 4K (compressed) compatible.
