

CineVersum BlackWing Two Pro

The high-end home cinema BlackWing Two Pro DILA has 1000 Ansi lumens, a contrast of 15000:1 and an HDTV 1920 x 1080 resolution. The integrated lens shift gives freedom when positioning the projector. An image width of up to 321 cm is possible. However, the image should be smaller in room light. We recommend max. 214 cm. Even 1080P video signals are no problem for the projector. At just 22 decibels, the device is one of the quieter projectors. On the market since 2007, the model is no longer offered by the manufacturer CineVersum.

3 x 0,7" D-ILA Chip
