

CineVersum BlackWing 1-L MK2022

CINEVERSUM BLACKWING 1-L MK

A brief introduction to the BlackWing 1-L MK2022: The CineVersum Laser LCOS projector offers 2200 Ansi-Lumen, a contrast of 40000:1 and a UHD (4K+2K) 4096 x 2160 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. The projector also offers a lens shift function for flexible projection adjustment without loss of quality. An image width of up to 249 cm is possible as the projector has 2200 Ansi lumens. However, if room light is available, the image should be a maximum of 166 cm wide. Playing 1080P and 4K is also no problem for the projector. At just 22 decibels, the device is one of the quieter projectors. The projector was launched in 2021 and is no longer sold by the manufacturer.

Brief Introduction Beta 2.5
