

CineVersum BlackWing Three MK2014

BLACK WING 3D

A brief introduction to the BlackWing Three MK2014: The CineVersum 3D DILA projector offers 1300 Ansi lumens, a contrast of 150000:1 and a UHD (4K2K) 3840 x 2160 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is equivalent to over 5.5 years at 2 hours per day. Includes a lens shift and keystone correction function, which provides freedom during installation. A picture width of up to 366 cm is possible. However, the image should be smaller in room light. We recommend max. 244 cm. The model is also compatible with Full HD 1080P and 4K as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. The operating noise of just 20 decibels makes the projection quiet. It was launched in 2014 and is no longer offered by the manufacturer CineVersum.

Brief Introduction

Beta 2.5

Display Type

3 x 0,7" DILA Chip

HDTV 16/9 Direct-Drive Image Light Amplification (D-ILA)
