

ClokoWe X1AQ

EAN/UPC:B0GVNCQ29W

Brief Introduction

Beta 2.5

The X1AQ LED LCD portable projector has 300 ANSI lumens, a contrast ratio of 10,000:1 and an HDTV resolution of 1280 x 720. Thanks to its LEDs, the projector has a lamp life of up to 30,000 hours, which would equate to over 20.5 years at 4 hours a day. The projector also features a built-in media player, allowing files to be played directly. Thanks to horizontal and vertical keystone correction, the projector can be positioned with great flexibility. With a brightness of 300 ANSI lumens, an image width of 454 cm is possible. In room lighting conditions, the image should be no more than 303 cm wide. The projector supports AirPlay and Miracast screen mirroring, enabling high-definition videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another notable feature is that the projector's Bluetooth function allows it to be connected to external wireless speakers. The model is also compatible with Full HD 1080p and 4K (compressed).
