

Dangbei N2 White

DANGBEI N2 WHITE

The Standard Portable Dangbei N2 White LED LCD Projector has 448 ANSI lumens, a contrast ratio of 2000:1, and an HDTV resolution of 1920 x 1080. Thanks to the LEDs, the projector has a rated lamp life of 30,000 hours, which translates to over 20.5 years of use at four hours per day. Horizontal and vertical keystone correction provides flexibility during setup. An image width of up to 215 cm is possible. However, in bright room conditions, the image should be set to a smaller size. We recommend a maximum of 143 cm. The model supports AirPlay and Miracast screen mirroring, allowing you to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another notable feature is that the projector can be connected to external wireless speakers via Bluetooth. Playing 1080p content is also no problem for the projector. With an operating noise level of just 26 decibels, this model is very quiet compared to others.
