DENVER PR-4700

EAN/UPC:B0H2DR4W6X

Brief Introduction Beta 2.5	A brief introduction to the DENVER PR-4700. This LCD LED projector has an HDTV resolution of 1280 x 720 and a contrast ratio of 2000:1. The manufacturer specifies an LED lifespan of 30,000 hours, which would equate to over 20 5 years. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it in the room. An image width of up to 174 cm is possible. However, in well-lit rooms, the image should be set to a smaller size. We recommend a maximum of 116 cm. Thanks to the built-in 3,200 mAh battery, no mains power supply is required, allowing the projector to be set up quickly and flexibly. Even 1080p and 4K (compressed) are no problem for the projector.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	Projector: 150 / Screen: 67 Lux (200 cm Screen width)
Contrast	Projector: 2000:1 / Screen: 2000:1
