

DESS C5 Pro Max

DESS C5 PRO MAX

Brief Introduction

Beta 2.5

Manufacturer DESS offers the C5 Pro Max, a home cinema LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 35,000:1. Thanks to the LEDs, the projector has a lifespan of 30,000 hours, which equates to over 20.5 years if used for four hours a day. Thanks to horizontal and vertical keystone correction, the projector can be positioned with great flexibility. The projector is capable of illuminating an image width of 508 cm. However, if there is ambient light in the room, the image width should ideally not exceed 339 cm. Google TV transforms the projector into a versatile media hub that can be seamlessly integrated into a smart home. The projector features AirPlay, Miracast screen mirroring, which enables high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. The projector also handles 1080p and 4K (compressed) video signals with ease.
